

### Non-Conductive Road Marker Pins

The non-conductive Fence pin, line markers and setting out pins from BFS Nationwide are manufactured to the highest standards to meet your health and safety requirements.

With the significant risk to crews from the use of steel pins highways England have banned the use of steel pins.

BFS have produced this non-conductive and fully insulated pin to reduce the risk to crews from underground cable strikes.

Colours Available  
Blue, White, Yellow, Black, Red & Green
